The UltraLITE

Communicate in Total Comfort

Full Duplex Wireless System

IMPORTANT

UltraLITE systems include one Headset labeled "MAIN".

This MAIN headset must be

Turned "ON" to link the corresponding Remote headsets.

(Note: the MAIN headset programming button is recessed to protect against accidental activation.)

Battery

All UltraLITE headsets are powered by a Lithium Polymer battery that will operate 6 hours when fully charged.

Charging

- 1) Batteries are charged via the multi-charger.
- 2) Insert the batteries making sure the contacts are properly aligned.
- 3) RED: Charging; GREEN: Fully Charged.

Installation

- 1) Press the release button located on the bottom of the battery compartment.
- 2) Insert the battery into the compartment (arrow indicates proper direction) and snap door closed.

Release Button

Low Indicator

A repetitive beep (every 20 seconds) indicates low power – battery should be charged or replaced. to turn off.

Battery Care

To ensure optimum charge level remove battery from headsets when system not in use.

(Note: Blue LED on headsets indicates pairing mode. When headset blue LED is NOT illuminated, this does NOT necessarily indicate that the headset is off. Please check switch on Main headset to ensure that it is in OFF position. The battery will continue to drain if left in the headset, and the switch is not turned to OFF position.)

Operation

Adjusting for Fit & Performance

- 1) Adjust the headband slides for size as necessary.
- 2) Position the microphone capsule at one finger's width from the corner of your mouth to ensure superior speech recognition and noise cancellation.
- 3) "TALK" identifies front of microphone: always have this indicator facing towards your mouth.

Startup

- 1) Turn ON the MAIN headset, switch is located below battery compartment. Flashing blue LED on earcup confirms headset is in search mode.
- 2) Turn ON the REMOTE headset(s), press the power button located above volume controls.. Flashing blue LED on earcup confirms headset is in search mode.
- 3) Flashing LEDs change to solid blue to indicate that headsets are connected.

MAIN ON/OFF

Set Volume

UltraLITE features 5 volume settings. Select the desired volume by slowly clicking the UP or DOWN buttons. An audible tone reflects volume level. A double tone indicates low or max volume has been reached.

REMOTE ON/OFF

Shut Down

Power OFF the MAIN headset utilizing switch, then PRESS and HOLD the power button on the Remote headset(s) for 4-5 seconds to turn off.

(Note: Blue LED on headsets indicates pairing mode. When headset blue LED is NOT illuminated, this does NOT necessarily indicate that the headset is off. Please check switch on Main headset to ensure that it is in OFF position. The battery will continue to drain if left in the headset, and the switch is not turned to OFF position.)

AutoMute Function

Boom swivels over the top 270 degrees. Headset can be worn on left or right ear.

Microphone mutes automatically when boom is set to "UP" position.
